

The Teen Center

Near the football stadium, there's a place
A place full of stuff to do
A place for movies
A place for games
The Teen Center is its name
A place where nothing is lame
The Teen Center is its name
A place where there is no shame
The Teen Center is its name
A place where everyone is treated the same
The Teen Center is its name
And it has rightfully earned its fame

Can be sung if so desired
Make your own tune
